La Cajita

'Simply the Best' Tapas in the Old Town

Sadly for us, La Cajita has fast become 'a not so hidden' gem of a bar-restaurant. A daily-changing range of creative gastro tapas are produced by chef Tangi who takes great pride in preparing every dish, his menu is on a blackboard and all explained by Miguel, in his own unique style!

You'll also find an ample selection of wines and beers, a great ambience, good background Andalusian music and friendly service.
